

Agribusiness Consultant

Time for a career change; have you thought about Ag?

Become a Rural Directions Consultant

Rural Directions are seeking a motivated individual to join their consulting team. The role is suited to someone looking to enter the consulting industry with a few years of working experience behind them.

Rural Directions is keen to hear from you if you have:

- knowledge of small business, particularly regional business
- knowledge of key business management principles
- understanding of the profit drivers of consulting businesses
- a tertiary qualification in either business, commerce, finance or HR management
- strong written and verbal communications skills
- ability to work in a dynamic team environment

Working within our vibrant team, you will be supported to develop your skills and become a highly-valued consultant. Your role will be focused on assisting our clients to achieve their specific goals through the provision of farm business management advice, support and specialised technical assistance.

You will need to be highly motivated, reliable, enthusiastic and keen to learn new skills on your way to becoming an experienced Agribusiness Consultant.

While the majority of our work is based around agricultural production, there is plenty of relevance for solid business principles. Areas you can work in include business management, financial analysis, people management, grain marketing, livestock services and/or agronomy. Contact us today to discuss how your skills can fit into our future strategy.

Rural Directions is South Australia's largest and most dynamic independent agribusiness consulting company, with offices in Clare, Freeling, Loxton, Naracoorte and Dubbo (NSW). Since 1997, we have worked with over 2,000 businesses nationally, delivering valued outcomes to help our clients grow and prosper.

Please visit www.ruraldirections.com to learn more about the wide variety of services we offer.

To express interest in the position, please forward your resume to hr@ruraldirections.com, quoting RDHR47.
