

Grain market briefing sessions

March session content

The markets are constantly changing, and these forums provide an ideal opportunity to engage and learn from like-minded farmers. Feedback from clients who have attended a grain briefing remains positive. Clients are saying that the discussions and learnings from the forums contribute to them making more considered grain marketing decisions.

The Grain Market Briefing will include:

- Open forum
We may not solve it but as a group we can certainly learn from it.
- 2019/20 season review
A reflection on price volatility, escalating drought, frost, domestic export, site-based pricing, logistical challenges, position reporting, consumptive demand, managing credit limits.
- Understanding the psychology and decision making imbedded into complex markets
Are we selling grain in the right geographic market or storage provider? What we did for 2019/2020 may not apply for 2020/2021.
- Price Deciles
Revised prices deciles.

“The group discussions in the grain briefing sessions are very interesting, especially discussion surrounding our options with seasonal changes. It allows me to clear the head about a difficult season.”

ANDREW BAXTER, MANOORA
